

# YOUR BRAND HERE

**Data format: 560 x 560 mm**

The format in which your print data should be created. Included in this format are: **5mm overlap.**

This bleed will be removed by us during production.

Please always place backgrounds and bleed-off objects up to the edge of your data format in order to avoid white margins.

**Cutting line**

You will receive your finished print product in this format.

**Safety distance: 5 mm** (on all sides)

This is measured from the data format and prevents unwanted bleeds in your texts and information during production.
